Sir/Ma,

LETTER OF RECOMMENDATION

Shalom!! It is my great pleasure to recommend Timothy Emeka Iloba for the MFEA scholarship. I have known him since he was a kid. He is now a member of the ushering department of our church Parish.

He has really impressed me with his great zeal and dedication to service. He is always interested in church activities. His innovative ideas and skills has really helped the church greatly. Even at the Church zonal level he helps in the technical department to help project bible passages on the screen during church service.

Timothy had always hoped and dreamt to study computer science even though he is not from a financially stable family. His parents are very hardworking and diligent believers. I believe his dream and passion will pave way for him. There is no doubt that he will succeed in his field (computer science) because of his love for computers and technology.

He will be the first in the family to obtain a college degree if this scholarship is granted him by the special grace of God.

Thanks. Please feel free to contact me for more information about him. Phone: +2348054421788

Sincerely,

Deacon Eziashi Eze
